Hon. Will C. Barnes, of the Live Stock Sanitary commission, spent a day in Holbrook recently, and in an interview told of the workings of the commission. He says when the new board took charge the work was greatly in arrears, and the new board is working faithfully to catch up. They expect to have the brand book issued in about three months. The work of the commission is very arduous; their mail often amounts to 200 letters per day, all of which must be answered, and the matters there referred attended to. A large number of brands have been refused registration on account of similarity with others already recorded. To aid these parties the commission has in-
